

## PETITION TO STOP BILL C-6

To the Parliament of Ontario:

WHEREAS Bill C-6 abolishes the rule of law and trespass and creates a subsequent loss of liberties and health freedoms in the name of public safety, we ask parliament to STOP BILL C-6 on the grounds IT IS UNCONSTITUTIONAL.

We the undersigned petition the Parliament of Ontario as follows:

As a client of my Registered Nutritional and Orthomolecular Health Practitioner (RNCP/ROHP)

---

to whom I rely on as part of my health and wellness team of natural healthcare professionals,  
I seek the following actions of Government:

- the immediate withdrawal of Bill C-6 on the grounds it is unconstitutional
- regulations that protect and increase our access to the natural health community and natural health products
- a presumption that natural health products and treatment modalities are safe and that they can only be removed from the market if there is evidence of harm
- freedom to make our own choices concerning our health treatments and products whether for preserving our wellbeing or when faced with a major health crisis.
- protection from international and global policies pertaining to Codex harmonization that would result in loss of natural food production and limit access to current supplements.
